### **CITY COUNCIL ITEM D**

#### CITY OF LYNNWOOD Economic Development

#### TITLE: Ordinance: Establishing the Department of Development and Business Services

#### **DEPARTMENT CONTACT:** David Kleitsch, Economic Development Director / Interim Community Development Director

#### **SUMMARY:**

Establishing the Department of Development and Business Services (DBS) requires Council to adopt an ordinance approving various changes to the Lynnwood Municipal Code.

The proposed ordinance establishes the Department of Development and Business Services; consolidates existing department functions of Community Development, Economic Development, and Public Works - Development Engineering Services into DBS; to establishes department names and director titles; and provides for minor LMC amendments consistent with the intent of the ordinance..

Included as an attachment to this Council agenda item is a memorandum with additional reference material.

### **POLICY QUESTION(S) FOR COUNCIL CONSIDERATION:**

Should Lynnwood address process improvements and customer service by establishing the Development & Business Services Department?

### **ACTION:**

Adopt an ordinance approving changes to the LMC to establish the Department of Development and Business Services.

### **BACKGROUND:**

The City of Lynnwood has undertaken efficiency studies of various city departments. These efforts support Council's directive to advance Budgeting for Outcomes and the goal to provide operational efficiencies. In November 2017 Mayor Smith convened a team of department director to conduct an efficiency study to address process improvements and customer service within Community Development.

This efficiency study was expanded in 2018 to include the four departments collocated at Development and Business Services: Community Development; Economic Development; Public Works Development Services; and the Fire Marshal's Office. Two independent assessments were completed regarding the quality of customer service and the work culture that documented the need for improvement. During 2018 the departments at DBS conducted a vision exercise and developed a mission statement.

In February 2019, work began in earnest on various activities to address DBS process improvements and customer service. Lynnwood contracted with Strategica, Inc. to conduct and efficiency study for process review and improvement. The report was initiated in September 2019 and completed in March 2020. # MEMORANDUM

DATE:	December	7.	2020
	Booonisoi	••	

TO: Mayor and Council

FROM: David Kleitsch: Economic Development Director / Interim Community Development Director

SUBJECT: Establishing the Department of Development & Business Services

#### Introduction

On November 23, 2020, Council adopted Ordinance No.3378 approving the Lynnwood biennial budget for FY2021 / 2022. Included in that action was funding to establish the Development and Business Services Department (DBS). At the Work Session of December 7, 2020, Council will receive a briefing on the revisions to the LMC required to implement DBS. This memorandum provides background information related to the briefing and the net steps to establish DBS.

#### **Background**

The City of Lynnwood has undertaken efficiency studies of various city departments. These efforts have included Administrative Services, Fire, Information Technologies, Municipal Courts, Police, and Public Works. These efforts support Council's directive to advance Budgeting for Outcomes and the goal to provide operational efficiencies.

In November 2017, Mayor Smith convened an "A-Team" of department directors to conduct an efficiency study to address process improvements and customer service within Community Development. This team included the Executive Office, and department directors from Community Development, Economic Development, Public Works, Administrative Services, Information Technologies, Human Resources, and the South Snohomish County Regional Fire Authority.

In 2018, the efficiency study was expanded to include all four functions collocated at DBS: Community Development; Economic Development; Public Works Development Services; and Fire Marshall. Two independent assessments were completed regarding the quality of customer service and the work culture at DBS. These reports identified the need for improvement. During 2018 DBS also conducted a visioning exercise and developed a mission statement.

In February 2019, work began in earnest on various activities to address DBS process improvements and customer service. At that time, a hiring freeze for DBS Departments

was put in place. New hiring was deferred until completion of the efficiency study unless it was necessary to fill an essential position.

#### Strategica Study: DBS Process Review and Improvements Project

Strategica, Inc., was contracted by Lynnwood to conduct an efficiency study on the organizational structure and processes for (DBS). The following components are included in the Process Review and Improvements Report:

- DBS Strategic Plan
- Organizational structure and staffing needs
- Future permitting process system
- Process improvements.

Presentation to Council of Strategica's report was originally anticipated in March 2020. The advent of the COVID-19 emergency postponed the opportunity to present this information to Council. As Lynnwood moved forward with the COVID-19 Phase 2 reopening, a presentation by Strategica to Council was provided on July 6, 2020.

#### Policy Considerations

Should Lynnwood continue on course to address the process improvements and customer service focus for Development & Business Services?

DBS process improvements and a customer service focus are fundamental to the Lynnwood Community Vision and the Lynnwood Strategic Plan 2018-2022. Specifically:

- The goals for DBS process improvements and customer service support the Community Vision for: a sustainable, vibrant community with engaged citizens and an accountable government; a welcoming city that builds a healthy and sustainable environment; and high quality, sustainable development, and design.
- Improving DBS serves to implement the Lynnwood Strategic Plan 2018-2022 by championing Priority 1, City Center and Lynnwood Link Light Rail; Priority 2, Financial Stability and Economic Success; and Priority 3, Operational and Organizational Excellence.

#### Council Briefings:

Council previously received updates and presentations on DBS process improvements and customer service. Please refer to the Council agenda packets refered below for background information.

#### Next Steps to Establish Development and Business Services

Establishing the Department of Development and Business Services requires that Council adopt an ordinance approving various changes to the Lynnwood Municipal Code (LMC). The ordinance is included as an attachment to the Council agenda item

The proposed ordinance establishes the Department of Development and Business Services, and consolidates existing department functions from Community Development, Economic Development, and Public Works - Development Services into DBS. The following changes to the LMC are required.

<u>Amend Chapter 2.23:</u> This chapter is amended to replace Community Development with the Department of Development and Business Services; and include in DBS the duties and responsibilities of the former Economic Development Department.

<u>Amend Chapter 2.44:</u> This Chapter is amended to transfer from the Department of Street and Public Works to DBS the duty and responsibility for plan review, approval and inspections of private development permits inspections, and approvals. This chapter is amended to identify the administrative permits that will be under the administrative authority of DBS and Public Works; and delineates the responsibility of the Public Works regarding engineering codes, standards and best practices, and the responsibility for interpretations related to processes of plan review, approvals and inspections.

<u>Repeal LMC Chapter 2.45:</u> The "Office of Economic Development and Policies for Economic Development and Employment" is repealed.

The terms "Director of the Department of Community Development" or the "Community Development Director" shall be interpreted in the LMC as "Director of the Department of Development and Business Services".

### **CITY COUNCIL ITEM E**

#### CITY OF LYNNWOOD Economic Development

#### **TITLE:** Ordinance: Economic Development Infrastrucure Fund Amendment

#### **DEPARTMENT CONTACT:** David Kleitsch, Economic Development Director / Interim Community Development Director

#### **SUMMARY:**

The COVID-19 emergency has negatively impacted City revenues during 2020 creating an estimated budget shortfall in the City General Fund during 2020. Council has received regular updates by the City Finance Department on the situation and reviwed options to address the shortfall as presented.

After review and consideration of the options, Council determined that the Economic Development Infrastructure Fund be used to help resolve the shortfall. The proposed ordinance implements the direction of the Council.

### **POLICY QUESTION(S) FOR COUNCIL CONSIDERATION:**

Should the Economic Development Infrastructure Fund balance be used to resolve the COVID-19 General Fund shortfall during 2020?

#### **ACTION:**

Adopt the Ordinance amending Ordinance No. 3111 regarding the Economic Development Infrastructure Fund, and amending the Lynnwood Municipal Code Chapter 3.106.030.

#### **BACKGROUND:**

EDIF was establish by Council in February 2015. Revenues into the fund are provided from building permit fees resulting from large projects in excess of \$10 million in value; and from a portion of the construction sales taxes that is received from real estate development projects. Due to the COVID-1p emergency, Council has directed that the EDIF fund be used to help resolve the revenue shortfall.

#### **PREVIOUS COUNCIL ACTIONS:**

July 16, 2012, the Council adopted Resolution No. 2012-06 establishing an Economic Development Infrastructure Policy as a framework for considering financing of public infrastructure and public facilities to fulfill economic development plans and policies adopted by the City.

February 24, 2015, the Council adopted Ordinance No. 3110, authorizing an Economic Development Infrastructure Policy Fund as authorized by Resolution No. 2012-06.

February 24, 2015, Council adopted Ordinance No. 3111 that established specific revenue sources for the Economic Development Infrastructure Fund.

July 13, 2020, Council adopted Resolution No. 2020-08 expressing interest in utilizing a portion of the Economic Development Infrastructure Fund balance to resolve the COVID-19 budget gap for 2020.

### **FUNDING:**

Construction sales and use tax revenues identified in Ordinance No. 3111 shall not be transferred to EDIF in 2020.

City Permit revenues identified in Ordinance No. 3111 shall not longer be transferred to EDIF beginning January 1, 2020.

Based upon these actions, approximately \$1 million dollars from EDIF is estimated to be available in 2020 to help resolve the budget gap.

### **ADMINISTRATION RECOMMENDATION:**

Adopt the Ordinance amending Ordinance No. 3111 regarding the Economic Development Infrastructure Fund, and amending the Lynnwood Municipal Code Chapter 3.106.030.

#### **CITY COUNCIL ITEM F**

#### CITY OF LYNNWOOD Administrative Services

#### TITLE: Ordinance- Amend Fee Schedule

#### **DEPARTMENT CONTACT:** Corbitt Loch

#### **SUMMARY:**

The purpose of this agenda item is to allow for Council's consideration of proposed changes to the City's Fee Schedule. This is typically done at the end of each year. Administrative Services compiles amendments from departments into a single, annual amendment.

The proposed amendments relate to permitting, construction, and land use--which are administered by the Development and Business Services Department (DBS). During the City Council meeting, DBS staff will be available to provide additional information.

#### **POLICY QUESTION(S) FOR COUNCIL CONSIDERATION:**

Should the Fee Schedule be amended as proposed?

#### **ACTION:**

Review the proposed fee increases and take action on the draft ordinance on December 14.

#### **BACKGROUND:**

DBS is proposing increases to fees related to Fire Permits (Title 9 LMC), Street Use Permits (Tile 12 LMC), Water Utility Permits (Title 13 LMC), Sewer Utility Permits (Title 14 LMC), Plumbing and Mechanical Permits (Title 15 LMC), Building, Electrical and Grading Permits (Title 16 LMC), Subdivisions (Title 19 LMC) and Zoning (Title 21 LMC).

The changes relate to permits/services requiring employee labor. Fees would be increased by 6.3%, which is the change in the Consumer Price Index (CPI) since such fees were last amended in 2018 (Ordinance 3307). Some of the fees proposed for amendment were last updated in 2016 (Ordinance 3237).

June 30, 2018 100% of CPI-W for 2019 COLA's was 3.6%

June 30, 2019 100% for CPI-W for 2020 COLA's was 1.7%

June 30, 2020 100% for CPI-W for 2021 COLA's was 1.0%

Deposits, penalties that are not directly associated with inspections, and fees that do not directly correlate to labor, such as technology and impact fees, would not increase.

This fee adjustment is intended to be an interim change since DBS is planning to undertake a comprehensive fee study during 2021. For that analysis, policy issues will be discussed, such as cost recovery and the inclusion of automatic adjustments based upon inflation.

The proposed amendments to the Fee Schedule were not available at the time the five-year Financial Forecast was developed. Even if this information had been available, forecasting permit fee revenue is difficult. The Financial Forecast and the adopted 2021-2022 Budget assumed:

For 2021: An additional \$400,000 in permit fees and \$500,000 in plan review fees over 2020 revenues, and a 3% increase in all permit fees.

For 2022: A 3% increase over 2021 permit fee revenue.

The proposed changes to permit fees are reasonably consistent with the Financial Forecast.

#### **PREVIOUS COUNCIL ACTIONS:**

Noted in preceding section.

#### **FUNDING:**

Revenue generated from permit-type services is critical since the City's expenses associated with these services is considerable. The adopted 2021-2022 Budget anticipates \$8.65M in permit fees during the upcoming biennium.

#### **KEY FEATURES AND VISION ALIGNMENT:**

The proposed amendments to the Fee Schedule are aligned with Strategic Plan Priorities 1, 2, and 3:

1. Fulfill the community vision for the City Center and Lynnwood Link Light Rail

- 2. Ensure financial stability and economic success
- 3. Nurture operational and organizational excellence

#### **ADMINISTRATION RECOMMENDATION:**

Review the proposed fee increases and approve the draft ordinance on December 14.

Subject: 2019-2020 Budget Amendments Review

#### **INTRODUCTION**

On November 26, 2018, the City passed Ordinance #3315 that adopted the 2019-2020 biennial budget. On August 12, 2019, Ordinance #3341 was approved that included 2019 budget amendments, and on November 25, 2019 the 2019-2020 Budget Modifications were approved via Ordinance #3349.

In 2020, there have been three budget amendment ordinances approved; on June 22 Ordinance #3362 was adopted, and on September 14 budget amendment Ordinances #3366 and #3377 were adopted.

The final 2019-2020 budget amendments described below will be discussed and reviewed at the December 7 Council Work Session. These proposed budget amendments were reviewed at previous Council Finance Committee meetings. The ordinance to adopt the budget amendments below is scheduled for adoption at the December 14 Council meeting.

#### DESCRIPTION OF PROPOSED FINAL AMENDMENTS TO THE 2019-2020 BUDGET

#### **General Fund Amendments**

- A budget amendment request is being made to transfer \$186,440 from the LID 93 I-5/196<sup>th</sup> Street Fund #224. This debt was paid off in 2019 and there is no need to keep this fund open past 2020. A balance of \$186,440 can be transferred to the General Fund to help alleviate the revenue downturn in 2020 due to COVID-19.
- 2) A budget amendment request is being made to transfer \$120,398 from the Local Improvement Guaranty Fund #263. This debt was paid off in 2019 and there is no need to keep this fund open past 2020. A balance of \$120,398 can be transferred to the General Fund to help alleviate the revenue downturn in 2020 due to COVID-19.
- 3) A budget amendment request is being made to transfer \$15,627 from the Program Development Fund #099. There hasn't been a need to use this fund for many years. A balance of \$15,627 can be transferred to the General Fund to help alleviate the revenue downturn in 2020 due to COVID-19.

- 4) A budget amendment request is being made to add CARES Act funding to be received from Snohomish County in the amount of \$231,596. Grant revenue budget and related CARES Act expenditure budget in the same amount of \$231,596 is being requested so the City can expend these additional monies prior to December 31, 2020.
- 5) A budget amendment of \$1.5 million is being requested to transfer up to \$1.5 million from the Revenue Stabilization Fund to the General Fund in order to meet minimum reserve requirements in the General Fund.

Resolution #2020-08 was approved by City Council on July 13, 2020 that included this as an option to address reduced revenues in the General Fund due to COVI-19. Section 1 of this resolution states, "It is the intent of the City Council to authorize use of General Fund reserves (Revenue Stabilization Fund and/or Unassigned Fund Balance) to address the forecasted \$2.2 million gap between General Fund revenues and expenses during 2020. Such authorization would occur at a future time by approval of a budget amendment."

A copy of this resolution is attached for your reference. While the exact amount of the transfer is unknown at this time, allowing up to \$1.5 million should be adequate to cover the updated and anticipated reserve "Gap" within the General Fund caused by reduced revenues as a result of COVID-19.

There is a plan to replenish the Revenue Stabilization Fund in the 2021-2022 Adopted Budget, which is required under Section 2 of Resolution 2020-08.

#### **Other Funds' Amendments**

LID 93 I-5/196<sup>th</sup> Street Fund #224

Add revenue budget of \$10,985 to reflect actual interest revenue earned in 2019-2020. Transfer the balance of this fund (\$186,440) to the General Fund.

Local Improvement Guaranty Fund #263 Increase expenditure budget in 2019-2020 to reflect actual expenditures – increase of \$487. Transfer the balance of this fund (\$120,398) to the General Fund.

<u>Program Development Fund #099</u> Transfer the balance of this fund (\$15,627) to the General Fund.

Revenue Stabilization Fund #098

Transfer up to \$1.5 million to the General Fund as needed to maintain reserve requirements within the General Fund.

Fleet Reserve Fund #510

Due to the need to replace a police vehicle that was totaled in 2020 and covered by insurance, there is a need to add \$72,000 to the Fleet Fund #510 that paid for the replacement vehicle.

Included in the 2021-2022 budget is \$580,700 for the purchase of a Vactor truck. The Vactor was ordered in 2020 and was expected to be delivered in early 2021, as these vehicles take

approximately 9-12 months for the unit to arrive. However, the Vactor arrived early, in late 2020, and now that the City has possession of the Vactor, the City is required to pay for it in 2020. There is a need to add \$580,700 to the 2019-2020 budget to accommodate this purchase.

The total budget needed for Fleet Reserve Fund #510 is \$652,700. These required amendments were reviewed and discussed with the Council Finance Committee at their November 19 meeting.

The proposed amendments maintain a balanced budget, along with strong reserves to mitigate unforeseen needs or events. The amendments also ensure a continued focus toward providing high quality services to the citizens of Lynnwood.

WHEREAS, the actual amount of the General Fund budget gap for 2020 cannot be known before November/December 2020; and
WHEREAS, at a future meeting, the City Council will consider an ordinance to amend the adopted 2019-2020 Budget in a manner consistent with this resolution; and

## CITY OF LYNNWOOD City Council

#### **TITLE:** Restoring City Code Provisions Relating to Elected Officials' Salaries

#### **DEPARTMENT CONTACT:** Council President Christine Frizzell

## **SUMMARY:**

In June all elected officials sent a letter to the Salary Commission asking that their salaries remain stable, without increases, in light of the economic impact of Covid-19. The Salary Commission has filed recommendations since then which require an increase in the mayor's salary and a decrease in the councilmembers' salaries. This discussion is to propose revisions to their recommendation and a discuss possible ordinance to be adopted at the 12/14/2020 Business Meeting.

#### **POLICY QUESTION(S) FOR COUNCIL CONSIDERATION:**

Should the City Council keep the recommendations presented by the Salary Commission or amend the Lynnwood Municipal code to restore current salary rates for the elected officials?

#### **BACKGROUND:**

According to State law, including RCW 35A.12.070, the City Council has authority to establish the salaries of the City Council and the Mayor; and when the City Council sets salaries for the City's elected officials, (1) any revised salary for a Councilmember cannot take effect during that Councilmember's current term of office, and (2) any salary increase for the Mayor may take effect during the Mayor's current term of office while any salary decrease for the Mayor cannot take effect during the Mayor's current term of office.

In addition, RCW 35.21.015 authorizes a city council to establish a salary commission, and once established the salary commission sets the salaries for the city's elected officials and if a salary commission sets the salaries for elected officials, salary increases may take effect during the elected officials' current terms of office, upon the salary commission filing its decision on the elected officials' salaries with the office of the city clerk, but salary decreases cannot take effect until a subsequent term of office.

#### **PREVIOUS COUNCIL ACTIONS:**

On November 23, 2020, the City Council passed an Ordinance eliminating the City's Salary Commission, and therefore the City Council has resumed authority and responsibility for setting the salaries of the City's elected officials, in accordance with law.

## **CITY COUNCIL ITEM M-4**

#### CITY OF LYNNWOOD Public Works

#### **TITLE:** Interlocal Agreement: with South County Fire for City Fleet Services

#### **DEPARTMENT CONTACT:** Public Works Director Franz

#### **SUMMARY:**

The City Council approved the latest Interlocal Agreement with South Snohomish Co. Fire and Rescue RFA (SCF) in December of 2017. The term was for two years, with five automatic renewals. Payment to the City for fleet labor is by the officially established Fleet Shop Rate, which Public Works updates each biennium. This renewal changes the Shop Rate from \$117/hr to \$157/hr.

#### **ACTION:**

Authorize the Mayor to enter into on behalf of the City an Interlocal Agreement between the City of Lynnwood and South County Fire for City supplied fleet mechanical services to be in effect January 1, 2021 through December 31, 2022.

#### **BACKGROUND:**

The attached Interlocal Agreement for the City to provide mechanical services to SCF was negotiated by staff of the two organizations. The SCF board is scheduled to approve the agreement at the December 15, 2020 meeting. With changes to mechanic staffing in 2020 due to a more cost effective model to set up Police Department vehicles, Public Works is comfortable with the staffing model. Staff also contracted with FCS consultants to verify the City's fleet processes and models. This analysis along with historical data and true costs resulted in a higher shop rate. The fee amounts are \$157 per hour for a basic shop rate and \$177.50 per hour for an overtime rate. Lynnwood's Fleet Services is staffed adequately to meet SCF's needs as well as the needs of the City's internal customers. The agreement, data and reports were presented to the Finance Committee on November 19, 2020.

As in the first two years of the agreement, the parties are committed to yearly review of the agreement and data and making further changes, as necessary, to ensure that the workload and amount paid by SCF is equitable for both parties.

#### **PREVIOUS COUNCIL ACTIONS:**

Council approved the latest version of the SCF Interlocal Agreement in December, 2017.

#### **FUNDING:**

The Interlocal Agreement provides for payment from the RFA for Fleet Mechanical Services budgeted in Fund 511.

## **CITY COUNCIL ITEM M-5**

## CITY OF LYNNWOOD Public Works

#### TITLE: Interlocal Agreement - City of Edmonds - 76th Ave Overlay Project

#### **DEPARTMENT CONTACT:** David Mach and Amie Hanson

## **SUMMARY:**

The purpose of this agenda item is to enter into an Interlocal Agreement with City of Edmonds for the 76<sup>th</sup> Ave Overlay Project. This agreement will facilitate the construction of a pavement overlay project along 76<sup>th</sup> Ave W from 196<sup>th</sup> St SW to Olympic View Drive in 2022. The estimate for Lynnwood's portion is \$1,000,000.

## **ACTION:**

Authorize the Mayor to enter into and execute on behalf of the City, an interlocal agreement with City of Edmonds to construct the 76<sup>th</sup> Ave Overlay Project.

#### **BACKGROUND:**

City of Edmonds has identified this segment of 76<sup>th</sup> as a priority segment for their paving program and plans to construct a new overlay project during 2022. The boundary for City and Edmonds and City of Lynnwood is along 76<sup>th</sup>, with both cities having maintenance responsibilities for this street. The proposed project area is nearly equally within the Cities' boundaries (see ILA Attachment 1).

This project creates an opportunity for Lynnwood to improve pavement condition of this street before it degrades further and requires more significant and costly repair. With a project across the entire street width, both municipalities are leveraging resources for a larger project with more competitive pricing than if split between the two cities. A shared project ensures a consistent street quality and Lynnwood community members will benefit from improvements made across the entire street width. Three Lynnwood curb ramps will be updated to meet current ADA requirements as part of this project.

City of Lynnwood will reimburse City of Edmonds for 50% construction, design, and soft costs such as construction engineering, inspection, and management. The estimated cost to Lynnwood is \$1,000,000.

#### **FUNDING:**

The project costs are consistent with the adopted 2021-2022 biennial budget.

City of Lynnwood Funds used:

Fund 150, Transportation Benefit District

#### **KEY FEATURES AND VISION ALIGNMENT:**

The Lynnwood Community Vision states that the City is to "be a welcoming city that builds a healthy and sustainable environment."

The 76<sup>th</sup> Ave Overlay project supports that vision and results in an important improvement to the City's infrastructure that links City of Lynnwood programs, policies, comprehensive plans, mission, and the interview of the complete states states of th

the Community Vision. This project provides improved streets along with accessible pedestrian ramps which support the goals of being a welcoming city that builds a healthy and sustainable environment; investing in efficient, local and regional transportation systems; and being responsive to the wants and needs of our citizens.

## **CITY COUNCIL ITEM FYI-1**

## **CITY OF LYNNWOOD Community Development**

#### **TITLE:** Housing Action Plan Update

#### **DEPARTMENT CONTACT:** Kristen Holdsworth, AICP

## **SUMMARY:**

The City received a \$100,000 grant to develop a Housing Action Plan. The attached FYI memo provides an update to City Council on activities to date. Since this memo is written two days after our last update, we do not have many substantive details to provide at this time. Staff will be emailing you an additional update in mid-December (after winter recess starts for Council). The memo will also be available on the project website at www.lynnwoodwa.gov/housingactionplan.

## **POLICY QUESTION(S) FOR COUNCIL CONSIDERATION:**

There are no immediate policy questions right now. Future policy questions and actions may be needed as this plan progresses.

## **ACTION:**

To review activity to date.

## **BACKGROUND:**

In Fall 2019, the City of Lynnwood applied for and received a \$100,000 grant from the Department of Commerce (under ES2HB 1923) to develop a Housing Action Plan. The Housing Action Plan will comprehensively ensure that a variety of housing is available and affordable for people of all income levels in Lynnwood. The Plan will address current housing needs as well as those of the projected future population.

## **PREVIOUS COUNCIL ACTIONS:**

Council reviewed the Lynnwood Housing White Paper in July 2019. In late 2019 Council established the Council Housing Policy Committee. Council has received updates at the 2020 Council Retreat, through an FYI memo on June 1, 2020, presentations on August 3, 2020, September 21, 2020, October 19, 2020, November 30, and via participation on the Council's Housing Policy Committee.

#### **FUNDING:**

Funding for this project is provided through a Department of Commerce \$100,000 grant. The grant funding began in February 2020 and ends June 2021. As a condition of the grant, if the City does not adopt a Housing Action Plan by June 2021 it will forfeit \$30,000 dollars in reimbursement of consultant work.

## **KEY FEATURES AND VISION ALIGNMENT:**

To be a welcoming city that builds a healthy and sustainable environment. To be a cohesive community that respects all citizens. To be a city that is responsive to the wants and needs of our citizens.

## **ADMINISTRATION RECOMMENDATION:**

No administrative recommendation is needed at this time.

#### **RE:** Lynnwood Housing Action Plan - Update

This memo provides a brief update on efforts for Lynnwood's Housing Action Plan that have occurred since staff last presented to Council at the November 30, 2020 Work Session.

Since this memo is written two days after our last update, we do not have many substantive details to provide at this time. Staff will be emailing you an additional update in mid-December (after winter recess starts for Council). The memo will also be available on the project website at <a href="http://www.lynnwoodwa.gov/housingactionplan">www.lynnwoodwa.gov/housingactionplan</a>.

#### **Housing Action Plan Strategies**

Staff received a "first pass" list of potential strategies from the consultants (BERK). The "first pass" list of strategies will be further evaluated by staff for inclusion in the Housing Action Plan. The final list of strategies will also be informed by our public engagement efforts, including input from the Stakeholder Advisory Group.

#### **Public Engagement and Outreach**

We have received 630 responses to the survey (382 online responses and 248 paper responses). We will provide a summary of survey results in the next memo.

We have extended survey collection through December 4, 2020 (Friday) at the request of some of our Stakeholder Advisory Group members. ## **CITY COUNCIL ITEM FYI-2**

## CITY OF LYNNWOOD Public Works

#### TITLE: FYI: Poplar Bridge Property Accquisition Agreement over \$100K

#### **DEPARTMENT CONTACT:** Bill Franz and David Mach

## **SUMMARY:**

Council recently reduced the Mayor's contract authority from \$250K to \$100K effective January 1, 2021. Council also requested that all contracts that are approved by the Mayor within this dollar range prior to January 1, 2021 be shared with Council as an FYI.

The Mayor recently executed routine property acquisition agreements for the Poplar Bridge Project in the amount of \$103K for additional right-of-way along the Scan Design property located along 33rd Ave W.

## **ACTION:**

None, this is FYI only.

## **BACKGROUND:**

The Poplar Way Bridge project will complete a new six lane bridge over I-5 connecting Poplar Way to 33rd Ave W. The project was identified as providing significantly more capacity benefits to the city's transportation system then any other currently planned city transportation projects. The city has secured multiple grants over the years for design and right-of-way and has been actively pursuing construction funding. Design and right-of-way acquisitions are currently underway for the project.

Council held an executive session about one year ago to discuss the the various acquisitions needed for the project. The project requires acquisition of additional right-of-way from approximately eight different parcels to accommodate the planned street widening. One of these parcels is the Scan Design parcel located along 33rd Ave W. The acquisition totals \$103,481 and includes land for additional right-of-way and temporary construction easements.

The Mayor recently signed these documents. Since they exceed \$100K, staff is providing this FYI item to Council per their request.
